Special offer: Get Express for U3 at a special price. Click here to sign-up and get Express today! Korea KT has announced that SM Entertainment is preparing to launch its own full-scale entertainment app, S.O.S [SMTOWN]. The app will be equipped with a variety of content including music,

photos, videos, games, and more. The app will feature Kim Jin-hyeok, SM Entertainment's CEO, and Yoo Jae-myung, director of SM Entertainment's social music platform, to create SMTOWN S.O.S. S.O.S S.O.S

With the release of the app, SM will continue to expand its business into music and entertainment with SMTOWN. The app will allow fans who are

interested in S.O.S to submit their opinion and create an entertainment arena in real time. As a result, S.O.S can grow as a smart music platform that creates a community for artists and fans. The S.O.S app will be launched with the same title as SMTOWN's upcoming reality show and S.O.S, S.O.S S.O.S, which will begin airing on October 15. The content will be

enhanced with various functions such as real-time quizzes, music playlists, and voting promotions. StarChart is fully integrated with Google Play Music and Google Play Movies & TV app. This app is integrated with iTunes so you can also download music you already have bought from iTunes using the StarChart

What's New in the?

YouSendIt Express for U3 brings all the benefits of... This new top-of-the-line edition brings together a very large number of combinations from the interdependent worlds of the creative imagination and the working laboratory, bringing together the concept of a DRAM for sound and a multi-room sound system. Ever wonder if your Mac can stream to your

Apple TV, iPad or iPhone? See if your Mac meets the HD quality movie and music streaming guidelines of the major services. The Digital Rights Management (DRM) in Apple's iPhoto 11.4 is so strong, Apple doesn't even let you know it exists. If you're wondering about the capabilities of your iPhone and iPad, read on to discover what your DRM

settings mean. Windows 8 will be available in Microsoft Stores in 14 countries on October 26. But the global rollout of the latest Microsoft operating system will start at the end of July in China, where it will be on sale in any major electronics chain or phone retailer. The popular online service ChillingEffects.org has its own email hacking has its own email

hacking has its own email protection now, a little like Yahoo and Gmail. The service has created a tool for people to read and warn... This tutorial demonstrates how to embed Facebook Like and Twitter Like buttons into Wordpress blogs. This tutorial covers 2 essential functions: Adding Facebook Like and Twitter Like buttons to the Blog post Widget area.

Making the buttons persistent, so they will remain... In October 2010, the U.S. Copyright Office issued a ruling that statutorily defined a fair use when it comes to distribution of public domain works. We examine the language of the ruling and the way that it may affect the open culture. The FLAC Project has released version 5.0 of its open source FLAC (Free Lossless

Audio Codec) implementation. Several new features were introduced, including support for Super Audio CD (SACD) encoding and the ability to store the metadata used to...
